This hanging ring towel holder is made with either a bracelet or a hair elastic. First crochet around the ring, then add the loop and the button. Quick, simple and easy! These are a nice alternative to traditional towel toppers because there is no crocheting on the actual towel. These make lovely decorations for your kitchen or bath, plus they are quite useful! Check out the how-to video on the Naztazia YouTube channel here: http://youtube.com/naztazia And feel free to Pin photos or check out other info at: http://naztazia.com
