**Notes:** You can alter the size of the purse to fit your needs. To alter the width, just chain an uneven number of stitches to start (as opposed to the recommended 31, you can do 41, or 57, or 65). To alter the height, just make more rows of stitches than the recommended 19". Please see the YouTube help video if you need assistance: <http://youtube.com/naztazia>

**Purse:** Make a slipknot. Then chain 31.

Row 1: Skip the first chain. Do a single crochet in the next chain. Do a double crochet in the next chain. Do a single crochet in the next chain, do a double crochet in the next chain. Repeat this single crochet, followed by a double crochet, across the row. Total stitches = 30.

Row 2: Chain 1 and turn your work. Skip the chain just made. Do a single crochet in the next chain. Do a double crochet in the next chain. Repeat this single crochet, followed by a double crochet, across the row. Total stitches = 30. You will notice that you are putting a single crochet above the previous row's double crochet, and you are putting a double crochet above the previous row's single crochet. This creates the interesting texture.

Rows 3+: Repeat Row 2 until your piece measures 19" in height. Cut off and weave in ends.

**Lining:** Fold purse in thirds, making the lower two thirds larger than the top third (flap). Mark where to sew the lining. Cut the felt lining 1/8" to 1/4" smaller than the actual purse size. Sew the lining along the bottom edge, right-hand side, and top edge. Before completing the lining on the left side, insert a piece of plastic canvas to help keep the purse's shape. Also if you are using magnetic clasps, insert those at this time (the video shows easy ways to do this: <http://youtube.com/naztazia>) Afterwards, finish sewing the remaining lining to the purse. Cut and weave in ends.

**Flap Edge:** I like to do an optional reverse single crochet (crab stitch) along the bottom edge of the flap.

**Seam:** Sew the side seams of the purse.

**Handle:** I like to make a 3-stitch Tunisian handle. Please refer to the Flower Purse video if you need assistance: <http://youtube.com/naztazia>

Row 1: Attach the yarn to one of the stitches along the upper left side seam of the purse. Insert hook into that stitch, yarn over and pull through so you have one loop on your hook. Insert hook into the next stitch, yarn over and pull through. You now have two loops on your hook. Insert hook into the next stitch, yarn over and pull through. You now have three loops on your hook. Yarn over and pull through the first closest loop on your hook. Yarn over and pull through two loops on your hook. Yarn over and pull through the remaining two loops on your hook.

Row 2: Insert your hook into the second stitch's vertical bar, yarn over and pull through. You now have two loops on your hook. Insert your hook into the last stitch's vertical bar, yarn over and pull through. You now have three loops on your hook. Yarn over, and pull through the first closest loop. Yarn over and pull through two loops on your hook. Yarn over and pull through the remaining two loops on your hook.

Rows 3: Repeat Row 2 for the length of your handle. Once completed, slip stitch the three stitches on the opposite side of the purse to secure. Cut and weave in ends.
