Here's a fun stitch called the crochet teardrop stitch. It's like a mini version of the larksfoot stitch. There are less holes than the traditional larksfoot stitch, plus the design pattern that forms is smaller in size. This stitch pattern works nicely for a scarf, baby blanket, afghan, shawl, bag, and more. Check out the how-to video on the Naztazia YouTube channel here: <https://youtube.com/naztazia> And feel free to Pin photos or check out other info at: <https://naztazia.com>
